RE:

VHA Administration Building Ejector Pump Replacement

Over the past 5 years, the VHA Administration Building basement area has flooded. We made several physical adjustments to our building and maintenance yard, in attempt to reduce the flooding issues, and while those investments have reduced the number of flood events that occur, we are still regularly having issues. On a recent flood event, it was found that the ejector pump that helps combat the storm waters had failed and could not be repaired. VHA staff requested quotes to replace the pump system and received two (2).

At this time we are recommending moving forward with Davis Houk Mechanical for the installation of the pump system. These updates will include removal of the current failed pump system, vac out the pit for heavy solids, install new pump and electrical control panel, install new piping, connect new pump to existing piping, startup and check installation, clean up work site and haul away old equipment.

The total cost for materials and labor to install this pump system is \$12,940.89. We are recommending approval of Davis Houk Mechanical's Proposal for the Pump System, at a total project cost of \$12,940.89.

proposal is valid for 21 days.

RE:

Ramey Court Asbestos Removal

While preparing for demolition, it was found that Ramey Court never fully removed all asbestos containing materials from the buildings. VHA staff requested quotes to remove the asbestos based on the survey conducted and received three (3) proposals.

At this time we are recommending moving forward with M&O Environmental Company of Peoria, Illinois. Their proposal includes removal and disposal of all asbestos containing materials based on the survey completed on the project (plaster ceilings, drywall, floor tile and associated mastic, sinks with undercoatings, furnace boards and vibration dampers). This quote also includes cleaning out all units prior to the start of abatement.

The total cost for this project is \$141,000.00. We are recommending approval of M&O Environmental's proposal for the asbestos abatement, at a total project cost of \$141,000.00.

Quote #27221

Thank you for extending the opportunity to M & O Environmental Company to submit a bid on the abatement work at your facility. We are able to extend our expertise based on over 40 years of nationwide experience in the asbestos abatement, lead mitigation, mold remediation, and specialty insulation industries. We offer the following proposal for your review and acceptance.

SCOPE OF WORK

We will remove and dispose of the following asbestos containing materials utilizing full containment methods:

- Approximately 15,000 SF of plaster ceilings
- Approximately 12,000 SF of drywall
- Approximately 12,000 SF of floor tile and associated mastic
- 20 sinks with undercoating
- · All furnace boards and vibration dampers
- ❖ M&O will also clean out all units prior to start of abatement

PRICE

Our Price for the Sum of:

\$141,000.00

CLARIFICATIONS

- 1. A 10-day EPA notice is required for this project. (M&O Environmental to provide and cost included)
- 2. Area and/or clearance air sampling by others.
- 3. Bonds are not included in our price.

GENERAL PROCEDURES

For the purposes of safety and in order to minimize the potential for the contamination of individuals, access to the actual work area shall be completely restricted once work has commenced. No personnel will be allowed access to any designated work area without proper attire and respiratory protection. Respiratory protection and proper attire shall be made available at all times during the project for use by designated representative of the owner, the consultant and/or engineer or, if applicable, the independent air monitoring hygienist who may require individuals who enter the work area shall be subject to the

requirements of the M & O Environmental Respiratory Protection Program and all other appropriate programs.

INSURANCE

Third party liability insurance will be provided by M & O Environmental in the amount of \$2 million. This is the standard "true occurrence" type policy, and our carrier has an "A" rating. (See attached.)

SAFETY INFORMATION

If required, material safety data sheets and/or other project information regarding surfactants, encapsulant, adhesive, etc. will be submitted for review prior to the commencement of work.

REGULATORY COMPLIANCE

All proper and required notification to the EPA and/or IDPH shall be made prior to mobilization of manpower and equipment by M & O Environmental. Appropriate documentation will be made to the owner upon request.

ON-SITE UTILITIES

Customer shall provide utilities for the subject job which includes hot and cold water, drains, electricity and the like.

WORK FORCE

Work crews are to be union members and will meet all necessary requirements.

HAULING AND DISPOSAL

Hauling shall be provided in accordance with current regulation and all waste shall be disposed of in licensed, EPA approved landfills. Burial manifests shall be submitted to the owner for his records.

DOCUMENTATION

Upon request, all documentation such as air sample reports, containment sign-in sheets, burial manifests, EPA notifications, etc. shall be submitted to the owner for his permanent files.

REGULATORY NOTE

Please note that our proposal has been prepared on the basis of all Federal and State regulation and guidelines in effect at the date of this proposal. All work shall be performed in a professional and workmanlike manner and in complete and legal accordance with current OSHA regulations for Asbestos (Code of Federal Regulation Title 40, Part 61, Subparts A and M), acceptable industry practices and project specifications and requirements, as applicable.

MEMORANDUM

TO:

Board of Commissioners

FROM:

Jaclyn Vinson, Executive Director

DATE:

April 13, 2022

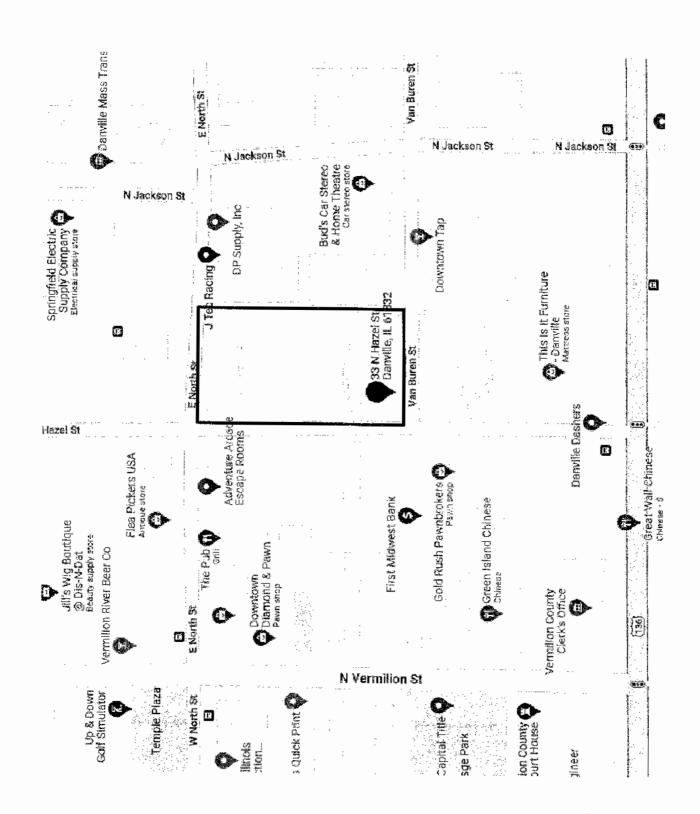

RE:

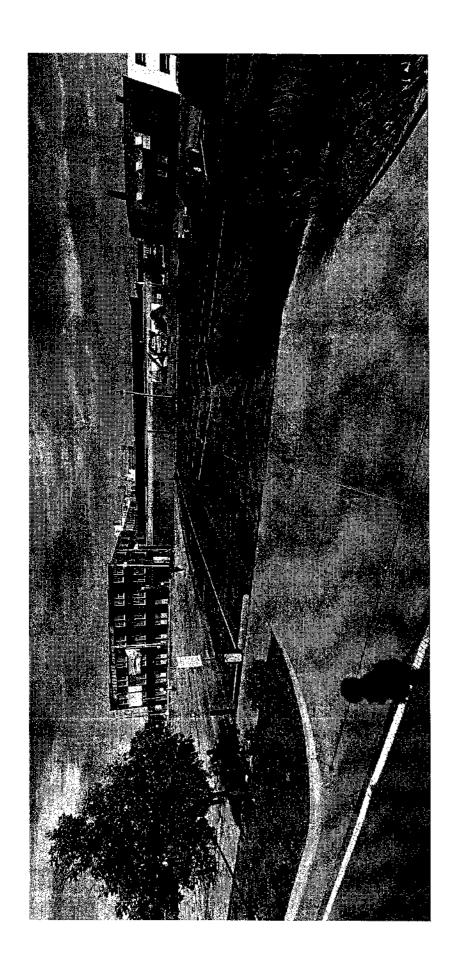

33 N. Hazel Street

In December 2018, First Midwest Bank donated the property hereby referred to as 33 N. Hazel Street to the Housing Authority of the City of Danville in effort to support the creation of affordable housing in the central core of the City. Unfortunately, the City Administration was not in support of affordable housing development and would not support the application. To that end, the property at 33 N. Hazel has sat with minimal use since the date of acceptance.

We have had several entities contact us regarding the property and at this time believe it is in our best interest to advertise the property for sale in line with the regulations prescribed in our Disposition Policy. To that end, the property would be publicly advertised for bids for at least 15 days, then sealed bids would be publicly opened at an advertised date, and the low bid would be returned to the Housing Authority Board for approval.

We are seeking approval to enter into this process for the disposition of 33 N. Hazel Street.

RESOLUTION NO. 2022-14

RESOLUTION OF THE BOARD OF COMMISSIONERS OF THE HOUSING AUTHORITY OF THE CITY OF DANVILLE, ILLINOIS d/b/a VERMILION HOUSING AUTHORITY

WHEREAS, the Housing Authority of the City of Danville, Illinois, d/b/a Vermilion Housing Authority (the "Authority") is an Illinois municipal corporation and public body organized pursuant to the Illinois Housing Authority Act (310 ILCS 10/1 et seq.)
